

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE: Information about the cost of this plan (called the premium) will be provided separately.**

This is only a summary. Please read the FEHB Plan brochure (RI 73-776) that contains the complete terms of this plan. **All benefits are subject to the definitions, limitations, and exclusions set forth in the FEHB Plan brochure.** Benefits may vary if you have other coverage, such as Medicare. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can get the FEHB Plan brochure at www.takecareasia.com, and view the Glossary at <https://www.healthcare.gov/sbc-glossary/>. You can call 1-877-484-2411 to request a copy of either document.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	\$ 3,000/Self Only \$ 3,000/ Self Plus One \$ 6,000/Self and Family The deductible applies to both in and out of network expenses. Does not apply to preventive services.	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. Copayments and coinsurance amounts do not count toward your deductible, which generally starts over January 1. When a covered service/supply is subject to a deductible, only the Plan allowance for the service/supply counts toward the deductible. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible and for which services are subject to the deductible.
Are there services covered before you meet your <u>deductible</u>?	Yes. Preventive care services are covered before you meet your deductible.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No.	
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	\$3,000/Self Only \$6,000/Self Plus One (\$3,000 per covered individual) \$6,000/Self and Family (\$3,000 per covered individual) Separately for Medical and Prescription drugs. The out of pocket maximum applies to both in and out of network expenses.	The <u>out-of-pocket limit</u> , or catastrophic maximum, is the most you could pay in a year for covered services. This limit helps you plan for health care expenses. The "per covered individual" amount is the most that any one member would have to pay, regardless of whether the individual is enrolled in Self Plus One, or Self and Family.

What is not included in the <u>out-of-pocket limit</u>?	Premiums, balance-billed charges, deductible amounts, member share for contraceptive devices, dental services, vision hardware, chiropractic services, charges in excess of our allowance, charges in excess of maximum benefit limitation and other supplemental benefits and services not covered by this plan.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See www.takecareasia.com or call 1-877-484-2411 for a list of <u>network providers</u> .	This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a provider in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	Yes.	This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a referral before you see the specialist.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
