ER wait times and out-of-pocket expenses are at an all-time high. Unless it is a true emergency, you will likely get quicker, quality medical care somewhere else. That is why it is important to know the difference between an Urgent Care and an Emergency Room visit in order for you to maximize your current health care benefit.

ER EMERGENCY ROOM			URGENT CARE UC		
 Severe Abdominal or Chest Pain	 Babies Needing Immediate Care	 Serious Eye or Head Injuries	 Allergic Reactions	 Broken Bones	 Sprains & Strains
 Severe Burns	 Stroke Symptoms (Numbness, Paralysis, Slurred Speech, etc.)	 Significantly Difficultly Breathing	 Cuts Requiring Stitches	 Mild Fevers	 Minor Burns
 Heart Attack Symptoms	 High Fevers	 Suspected Drug Overdose or Poisoning	 Pink Eye	 Animal or Insect Bite	 Cold & Flu Symptoms

When in Doubt, Dial 911

Call 911 immediately if someone is unconscious, having trouble breathing, has suffered a serious injury or may be having a heart attack.
